2.9" Electronic Shelf Tag

Introducing the TeamUC 2.9" EST. The TeamUC 2.9" Electronic Shelf Tag is a low powered, easy to read display that will surely attract attention from its shoppers. Comes in 2 colors of B/W or B/W/R, and contents could easily be updated from a remote area such as a back office or a central location. The TeamUC 2.9" EST is perfectly suited to be used in grocery stores, retails stores, or pretty much any store with a pricetag. You can't go wrong with this next generation price tag.

Features

- Wide Viewing Angle
- Amazing Clarity under the sunlight
- Build-in Battery indicator
- RSSI on display while deployment
- OTA Firmware capable
- Bi-Directional Data Transmission
